

AGRECOVERY

NEW!!!

AGRECOVERY OFFERS LDPE BAG RECYCLING

MARLBOROUGH OR HAWKE'S BAY – GET INVOLVED

Recycle LDPE bags (plastic number 4) from Yara and BASF for FREE with us.

What bags can I recycle?

You can recycle rinsed bags that contained these products:

BASF – Kumulus® DF*, Polyram® DF**

Yara – Calcinit, Kristalon, Krista K, Croplift, Croplift K, Magtrac DF, Krista MAG, Krista MAP, Krista MKP, Krista SOP, Rexolin

* ACVM Registration P003493 ** ACVM Registration P002062

How do I get involved?

1. Contact Agrecovery on **0800 247 326** or **info@agrecovery.org.nz** to order liners and coded zip ties for packing your bags into.

2. Empty bags **MUST** be **triple rinsed and drained**, removing all powder or crystal residue.

3. Place rinsed bags inside your Agrecovery liner. This should fit 100 bags.

4. Once full, seal the liner with your numbered zip tie and store it in a dry location.

5. Drop your full liners off at your closest site.

Hawke's Bay

Bin Hire Co, Johnston Way, Whakatu Industrial Park, Whakatu

Marlborough

Blenheim Resource Recovery Park, Wither Road Extension, Blenheim.

6. Each zip tie has a code on it. Have the code ready for the drop off site to view so that your recycling can be recorded in your Agrecovery account.

LET'S MAKE BURNING OR BURYING A THING OF THE PAST
